WHAT IS GOING ON IN WESTERLY

Gourlay Monument Erected at River Bend—Norwich
Bowlers Entertained—More Tigers in the Jungle—
Geo. F. Lamphere Seriously Injured.

The Gourlay monument, just erected by the New England Granite works in River Bend cemetery, Westerly, to the memory of James Gourlay, is one of the finest examples of monumental art in the country. It is designed in the Egyptian style, its simplicity, bold moldings and sculptural ornament being especially suitable for granite work. It is of imposing proportions, the base being 10 feet 6 inches by 5 feet 6 inches, and the total height 12 feet. The granite is from the Klondike quarry and the design was originated by Albert Fehner, architect, and for a number of years has been connected with the New England Granite works as chief designer.

The trolley roads have enlivened Westerly and made possible two permanent playhouses and three daily performances, putting the village in that respect on a par with some small cities.

It is said that effort is soon to be made to organize a camp of Sons of Veterans in Westerly. There was such an organization here several years ago, but by reason of lack of interest it went out of existence.

The funeral of Mrs. Harriet Watson was held in Wakefield Monday afternoon. Burial was in Brown Chapel cemetery. The bearers were Arthur M. Weedon, Samuel Potter of Westerly and John and William Fayerweather of Wakefield.

Westerly jungle of Tigers is the leader in making gains in membership. There has been work at every session since reorganization, and the degree team is one of the best. At the recent jungle applications were received and the hunter's degree conferred.

Good Word for MacDonald.

"I know Commissioner MacDonald very well. There is not a more popular man among the road builders of the country, and he is president of the American Road Makers' association. I have met him on many occasions and have always found him enthusiastic and interested in his work. I imagine that this criticism from Connecticut is similar to the criticism from other states which we constantly hear. The question of keeping our roads in good repair is a very serious one. The automobiles are chiefly responsible for the trouble, and I should think Connecticut would be more troubled in this way than any other state, as there are probably more automobiles traveling through the state than through any other."

How's your son making out in business?

"Very well, indeed," replied the other. "he's got a quarter of a million."

"Why, you started him with a million, didn't you?" "Yes; and it's two months now since he started operations in Wall street."—Catholic Standard.

GOOD NEWS

Ladies Everywhere
are glad to know of the wonderful benefit that Viburn-O-Gin has always been to sufferers of their sex.
Thousands of ladies spread the good news among their neighbors and friends.
Others write letters for publication, that suffering sisters, unknown to them, may learn about it in the newspapers.
So the good word goes on.
Viburn-O-Gin is a purely vegetable compound, containing no harmful properties, is actively specific in its curative action on the womanly organs and functions.
To young and old it is highly recommended for the treatment of all forms of female troubles.

Testimonial
"I had been a great sufferer for years before learning of Viburn-O-Gin. I had misplacement, fainting spells, constant headache, and other female troubles, which made me feel very weak. I tried different doctors, but none gave me relief, so I took Viburn-O-Gin and it relieved me so much that I want you to spread the news of what it has done for me. It certainly will do as much for other sick women."
